What is the Northside Specific Plan?

The Specific Plan will be a community-based effort to develop a vision and implementation plan that will guide the future development of the Northside Neighborhood. The project will also consider the City of Riverside-owned Pellissier Ranch property that is located within the City of Colton.

What is the Community's Role in Selecting the Consultant?

The City is inviting the public to help select the consultant who will write the Northside Specific Plan.

The City will be interviewing three consultant teams. You are invited to observe the presentations, ask questions and score the interviews. Consultant Proposals will be available on the project website by May 23, 2016.
